

Company:

Object: European Standards EN 817, EN 200 and EN 1111.

Cavallirio (No), 10.04.2014

Dear Sirs,

With the present we would like to confirm you that our products are produced according to the current European Standards EN 817, EN 200 and EN 1111.

The above mentioned Standards are applied for mechanical mixers installed on sanitary tools which are designated to the personal hygiene premises (as bathrooms, toilettes, etc...) and to the kitchens.

We remain at your complete disposal for any other information you may need.

Best Regards
